DETAILED ACTION

Allowable Subject Matter

Claims 1-36, 49-54, and 57-75 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowing the claims is the inclusion of the limitation "etching a portion of the etched conductive film" which all of the claims rely upon and is not found in the prior art of record. This limitation requires two separate and distinct etching steps to be performed on the conductive film to form source and drain electrodes which are in contact with the source and drain regions. See Applicant's Response and Statement of the Substance of the Interview filed 12/7/2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
